EDUCATION

Texas A&M University

Ocean Engineering Major

● **Major GPA:** 3.4

● **Involvement:** Society of Petroleum Engineers, Society of Naval Architects and Marine Engineers

● **Relevant Coursework:** Applied Numerical Methods, Hydromechanics, Offshore Structures, Vibrations and Control

College Station, Texas

August 2021 – Present

Expected Graduation – May 2026

Strake Jesuit College Preparatory

High School Diploma

Houston, Texas

May 2021

PROFESSIONAL EXPERIENCE

White Fleet Operating

Offshore Construction Intern (Hybrid)

The Woodlands, Texas

August 2024 – December 2024

- Collaborated with construction engineers to update pipeline maps and databases for offshore platform and pipeline removal, enabling efficient planning and execution of decommissioning projects
- Participated in coordination calls with offshore vessel crews and project managers, providing input on operational priorities and aligning field activities with engineering requirements

Arena Energy

Data Analytics Intern

The Woodlands, Texas

June 2024 – July 2024

- Worked with facility engineers to update pipeline maps and databases for over 30 oil and gas fields in the Gulf of America
- Created SCADA data visualizations in Ignition for 5 fields to monitor well performance, pipeline pressures and anomalies, while beginning work on a system to alert engineers
- Used Power BI software to upload field maps and pressure models to provide company-wide access
- Updated Gas Lift Designs and Tubing Details to create visual 3D models
- Attended Roughneck Camp at BP Energy Company and made connections while learning about the energy industry

Bleyl Engineering

Civil Engineering Intern

Conroe, Texas

May 2023 – August 2023

- Became proficient in AutoCAD software to produce civil site drawings and cost estimates for residential and commercial development projects
- Completed designs through the submittal and approval process for civil infrastructure projects valued at \$1–20 million
- Attended meetings and site visits with clients to get a better understanding of project scope and desired results

C&C Surveying, Inc.

Surveying and Mapping Technician

Magnolia, Texas

June 2022 – August 2022

- Operated a variety of instruments such as a GPS, total station, and a level to locate and measure property boundaries
- Used different techniques to collect measurements and other data to create topographical maps of properties

LEADERSHIP & INVOLVEMENT

Exmar Offshore

Senior Capstone Design Project

College Station, Texas

August 2025 – Present

- Currently working with a team to design an offshore nuclear energy facility capable of generating 150 megawatts of energy

Kappa Sigma Fraternity

● Volunteer for a variety of community and charity events including Wicked Woods and The Big Event

● Planned and facilitated fraternity recruitment events as well as mixers with sororities

College Station, Texas

August 2021 – Present

Boy Scouts of America

Eagle Scout

Houston, Texas

November 2014 – August 2020

- Held various leadership positions such as Patrol Leader and Crew Leader for Philmont Scout Ranch High Adventure
- Led First Class Emphasis, a program leading new scouts through their journey to Eagle Scout

HONORS & INTERESTS

Honors: Eagle Scout, Triple Crown Award, National Honor Society

Interests: Fishing, Hunting, Weightlifting, Downhill Snow Skiing, Golfing
